**Fire Chief Craig A. Hall
Lt. Steve Arnold, Fire Prevention**

Date: June 23, 2017
From: Chief Craig A. Hall
To: Chet Heid, Zoning Inspector
Subject: Boatman, Inc. Property

This is a letter of support for the proposed water tower for the Boatman Inc., property on State Route 37 East located in Berlin Township. Currently the water flow for this area is approximately 350 GPM. The fire department likes to see around 1,000 GPM water supply for fire suppression. If a large fire was to occur at this time, the water is hauled in by water tankers from the Interstate 71& State Route 37 East area. The water tower that provides water service for the Boatman Inc. property is located in the area of US-42 and Leonardsburg Road. The proposed water tower would increase water pressure for the area and provide a greater water supply if needed for fire suppression efforts.

Thanks
