Re: **Request for Sewer Capacity**
Piatt Reserve West Phase 2, 20.3 acre parcel
Parcels: 41831001044000

Dear Mr. Watkins:

The Delaware County Regional Sewer District (the "County") has considered your request for approval to discharge sanitary sewage into the Delaware County Sanitary Sewer System from the above referenced location, representing 30 Equivalent Residential Unit(s) (ERU).

Capacity is conditionally available to serve the proposed project. Please be aware that downstream improvements to the Peachblow pump station and forcemain will be conducted by the County and construction sequencing might impact future phasing of the proposed development.

The current assessment of capacity availability is subject to periodic reevaluation by the County and shall not be valid after 18 months from the date of this letter.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kelly Thiel".

Kelly Thiel, P.E.
Delaware County Regional Sewer District
